## EXPERIENCES

**CO-FOUNDER OF ALS PL**

**ALS PROGRAMMING LANGUAGE**

I worked in a team of 4 colleagues  
creating Aliens(als) Programming  
language, which is a space themed  
Language made from scratch, My job  
was making the Lexer and Parser part.

**FOUNDER OF PUXY-AC**

**PUXY ANTI CHEAT**

PUXY ANTI CHEAT is one of my 2020's  
recent works, which is basically an  
anti-cheat / anti-hack made for games  
and applications to protect them from  
alot of unauthorized actions such as :  
Debugging - Reverse Engineering -  
Patching and Memory Hacking in general.
